

## Lucky Ball and Chain

They Might be Giants

**G** **Em**  
I lost my lucky ball and chain  
**C** **D**  
And now she's four years gone  
**G** **Em**  
Just five feet tall and sick of me  
**C** **G**  
And all my rattling on

**G** **Em**  
She threw away her baby-doll  
**C** **D**  
I held on to my pride  
**G** **Em**  
But I was young and foolish then  
**C** **G**  
I feel old and foolish now

**D6**

**C** **G**  
Confidentially, she never called me baby-doll  
**C** **G**  
Confidentially, I never had much pride  
**C** **G**  
But now I rock a bar stool and I drink for two  
**D** **C** **D**  
Just pondering this time bomb in my mind

**G** **Em**  
I lost my lucky ball and chain  
**C** **D**  
And now she's four years gone  
**G** **Em**  
Just five feet tall and sick of me  
**C** **G**  
And all my rattling on

**G** **Em**  
She walked away from a happy man  
**C** **D**  
I thought I was so cool  
**G** **Em**  
I just stood there whistling  
**C**  
There goes the bride  
**D** **G** **Em**  
As she walked out the door  
**C**  
There goes the bride  
**D** **G** **Em** **C** **D**  
As she walked out the door

Noise

**G** **Em**  
I could shake my tiny fist  
**C** **D**  
And swear I wasn't wrong  
**G** **Em**  
But what's the sense in arguing  
**C** **G**  
When you're all alone?

**G** **Em**  
Sure as you can't steer a train  
**C** **D**  
You can't change your fate  
**G** **Em**  
And when she told me off that day  
**C** **G**  
I knew I'd lost my home

**D6**

**C** **G**  
Confidentially, I never told you of her charms  
**C** **G**  
Confidentially, We never had a home  
**C** **G**  
But this railroad apartment was the perfect place  
**D** **C** **D**  
When she'd sit and hold me in her arms

**G** **Em**  
I lost my lucky ball and chain  
**C** **D**  
And now she's four years gone  
**G** **Em**  
Just five feet tall and sick of me  
**C** **G**  
And all my rattling on

**G** **Em**  
She walked away from a happy man  
**C** **D**  
I thought I was so cool  
**G** **Em**  
I just stood there whistling  
**C**  
There goes the bride  
**D** **G** **Em**  
As she walked out the door  
**C**  
There goes the bride  
**D** **G** **Em** **C** **D**  
As she walked out the door
